

Shipping Training

Arta offers fulfillment options [across multiple service levels](#) to enable shipping of a variety of goods with a single integration.

Premium

Specialized climate controlled transportation and museum-quality packing, handled by trained technicians from wall to wall.

Ideal for: High value, fragile fine art, antiques and design objects.

Select

Consolidated transportation with packing and white-glove handling at collection and delivery.

Ideal for: Oversized design objects and furniture, and lower value art and antiques.

Parcel

Collection and custom packaging for smaller objects with expedited shipping via preferred parcel networks.

Ideal for: Design objects, small artworks, collectibles and jewelry.

Self Ship

Arta's [Self Ship](#) service enables sellers to pack objects in-house and receive a prepaid shipping label via email, leveraging low cost shipping for high value collectables.

How Self Ship Works

Arta coordinates packing & shipping with a seller by providing a prepaid shipping label(s), and packing instructions for each object. Our guidance includes suggested packing materials and dimensions, as well as information regarding whether multiple objects can be packed together safely.

Global Coverage

Enable sellers to unlock low shipping costs for high-value goods for inbound or post-sale shipments, connecting buyers & sellers globally.

Expedited Shipping with Multi-speed Options

Next Day Air, Second Day Air, Ground - for both domestic and international shipment. Drop off or use one of your already scheduled collections to release on your timeline.

Self Ship Expectations

- Arta will provide a **recommended packing type** for every package, which is dependent on the objects being shipped.
- If Arta determines multiple objects can be packed together, this will be reflected in the email.
- You can request additional labels from Arta.
- Alert Arta of notable discrepancies to object or packaging.
- Drop off or schedule pick up** within agreed upon timeline.
- Reply with changes to release schedule.
- Respond in a timely manner to inquiries from Arta if a shipment is not released as expected.

From Pending to In Transit

Arta has **exceptions** that will be visible on the Dashboard and Tracking when a shipment is stalled.

Clients can add a **Hold to Collect** exception with an intended release date. Client will be responsible for removing this exception when the shipment is ready for release.

Arta will add a **Customs Information Required** exception for all international shipments until the ECD form is complete or a Commercial Invoice is provided.

Arta will also update shipments with common logistics exceptions such as **Change of Address, Held at Customs** or **Not Ready for Delivery**.

Customers will be able to contact Arta directly with questions regarding these exceptions.

Client can sign up for notifications on exceptions, or filter for shipments with exceptions in the Dashboard.
